

Holiday Spruce Tip Planter Item#41991

Let this stunning outdoor holiday decoration greet your family this holiday season. It is the perfect touch for your home's patio or front porch.

Place your holiday Spruce Tip outside your home for seasonal enjoyment. Our Spruce Tip planters are made with a cut tree and are a decorative planter. They have been treated with Wilt Pruf to prolong the life of the cut tree. Keeping your Spruce Tip in the cold of the outdoors will also help keep them looking their best. Once a week check the soil moisture and water when the soil is dry.
