

## **Palm Planter    Item# 506616**

Add instant color around your home and enjoy it all season long. These tropical combinations have a Majesty Palm plant in the center of them with assorted annuals around them. Place these on your deck or add color to your front door. Water when the soil is dry, water thoroughly in hot weather. Plant them in sun to partial sun and fertilize weekly for best performance. See individual variety care tags for further information.

### **How to Grow:**

- Plant in sun to partial sun
- Keep soil evenly moist, but not wet
- Fertilize every two weeks
- Remove dead leaves and blooms
